"EDUCATE YOUR EYE"

Dressage Judges' & Trainers' Clinic

Stephen Clarke (regarded by many as the world's best dressage judge) will be conducting "Educate Your Eye" judges' clinics the evening before his "Build a Better Dressage Horse" symposia. Mr. Clarke will provide some theory on the mechanics of judging and what is required at the various levels (from Basic through Grand Prix). He will also provide the participants with the tools to be better dressage judges be it from the sideline of the arena or from the booth at "C".

This clinic will use DVDs (no "live" horses) and is open to everyone who wants to watch dressage with a more discerning eye.
