

**CENTAUR
BIOMECHANICS**
RIDER & GAIT ANALYSIS CLINIC AUGUST 19-22, 2013

RIDER ANALYSIS MOVEMENT ANALYSIS

Specifically designed to improve your riding & evaluate your horses movement. *Clinician Russell Guire - Centaur Biomechanics*

- Movement or gait analysis evaluates your horses asymmetries, weaknesses ultimately helping to prevent injury.
- Rider analysis will immediately change the way you ride, think & train with immediate feedback & take away information.
- Utilizes video, data capture technology & biomechanic evaluation software
- Advantageous to horses of all ages & disciplines. Open to riders, trainers & professionals at all levels .
